THE FIGHT IS ON

Parliament Dissolved--Elections Sept. 21

CONSERVATIVE CONVENTION AT RED DEER, TUESDAY, AUGUST 8th.

Monday morning it was learned that Sir Wilfrid Laurier had dissolved the Dominion House of Commons Saturday evening, and he will appeal to the country for reelection on Thursday, September 21, just seven weeks from to-morrow.

The fight will be short, sharp and the most bitterly contested since 1896.

To some extent party lines will be loosened, if not dissolved. Many influential men in all parts of the country, who formerly supported the government, will be found on this occasion in opposition to its policy on this question. And even among its parliamentary followers there are a few who have declared themselves opposed to Mr. Fielding's measure and who, therefore, cannot well be accepted as party candidates.

A convention of the Conservative party of the federal constituency of Red Deer will meet at Red Deer on Tuesday next, August 8th, at 2 p.m., in the Oddfellows' Hall, when a candidate will be chosen to contest the riding in the interest of the Conservative party. Who will be selected is not yet known, but we hope a strong man will be brought out to carry the Conservative banner to victory.

That the Liberal Government was seized into a panic is evident by the haste of the prorogation, as the commission appointed to investigate the Hon. Frank Oliver charges were never allowed to report, and the honorable gentleman will have to face the electors with this grave scandal hanging over his head. Sir Wilfrid Laurier admitted on the floor of the house that he instructed the judges and others to prepare the lists with all speed for an election before parliament met, thereby showing that he determined long ago to rush on an election and that Conservative opposition had nothing to do with the sudden appeal to the people.

The Edmonton Journal says Mr. Oliver's defeat there is assured; for him to win in Edmonton is admittedly an impossibility. It is also pointed out that the assiduous work he diligently did in the outlying districts while his former friends would not have anything to do with him the couple of weeks he spent here quite recently, will bear good fruit; but the Liberals say that an independent man who may be put in the field will swamp him, even in his former strongholds of the country districts.

BATTLE IN 'SCONA.

James M. Douglas will have a hard fight in Strathcona. The division is becoming more and more strongly Conservative. The name of the Conservative candidate there has not yet been announced, but some hint that it will be a man who has had experience and who stands well in every way.

Considering the province generally, but keeping near home, W. H. White, of Fort Saskatchewan, will have the hardest fight of his political life to win Victoria. That is not telling any secret. Everybody in the riding knows it. He is not popular. His opponent, F. A. Morrison, of Vegreville, is a strong man and would make a first rate representative for the district to have at Ottawa.

Maitland S. McCarthy is not expected to run again for Calgary, but the name of the man who may succeed him in the Conservative candidacy vouchers for the return of a Conservative again for Calgary.

John Herron, of Pincher Creek, who represents the division of Maple, has already suggested that he may not run again. He is one of the oldest and biggest ranchers in the southern part of the province and has well represented his constituency in the Conservative interests.

More than Marshall's demonstration farm at Medicine Hat will be

required to displace so popular and able a member as Mr. Magrath. He will be returned. His standing in the last parliament and the ability which he has shown himself to possess, argue well for himself and for Medicine Hat.

MR. BORDEN'S FINAL REMARKS

Ottawa, July 31.—The dissolution of parliament and the announcement that elections will be held on Sept. 21 finds the Conservative party united and enthusiastic for the fray. It is conceded that not since 1896 has the opposition had such a good chance to return to power, and predictions are freely made that Mr. Borden will sweep the country.

According to his statement made Saturday night Sir Wilfrid Laurier will try to make reciprocity the sole issue. He is anxious to cloak the record of his party and will try to work his followers up into a big "hurrah" campaign with the pace; at their principal slogan. While the Conservatives admit that reciprocity is the largest of the issues now before the people, they do not intend that it shall be the only one. The record of the government will be thoroughly exposed on the platform. R. L. Borden has made the following statement in regard to dissolution: "Dissolution of parliament today came as a surprise to the supporters of the administration. They evidently knew no more of the intention of the government than they knew of the reciprocity agreement up to January 25 last. Apparently the government decided upon dissolution in a hurry or even in a panic, as they gave no intimation to any members on both sides of the house who were accustomed to spend the week end with their families, and who left for their homes on Friday night without receiving the courtesy of notice. The Liberal-Conservative party welcomed an appeal to the people upon the great issue which has been under discussion in parliament. The president of the United States has more than once emphasized the fact that Canada is today at the parting of the ways. Those two ways lead in very divergent directions. The choice of the people will be fraught with momentous consequences to the future destinies of the country. It is right and just that they should speak because the agreement rests on the decision."

ACTION IS DELIBERATE.

"The government has dissolved parliament without prorogation, without supply and without redistribution. I urged upon the government upon March 8 last their plain duty to hasten the taking of census to bring in a redistribution bill and thus give to every part of the country its proper representation, and then to submit this question to the people. They declined to hasten the census, they declined to grant redistribution, and finally they have dissolved parliament without even asking the opposition for supplies necessary to carry on public service until the new parliament shall be enabled to grant same."

"Constitutional authorities abound to prove that dissolution ought not to be granted without the provision of the necessary supplies for public service. We have been ready to grant such supplies, but the prime minister during the present week announced in the house of commons that under the present condition the government would not even ask for them. Whenever supply has been asked for during the present session, we have granted it without hesitation. In May last, we granted without discussion nearly forty million dollars of supply, being one fourth of the total estimates. This amount was sufficient to carry on the public service up to September 1 next. In all we have granted during the present session five-twelfths of the total estimate without discussion in order that public business might not be in-

terfered with or brought into confusion."

AMERICANS CANNOT WAIT.

Canada has made unexampled progress in the great work of nation building since July 1, 1907. That work has been carried on without any such treaty or agreement as is now proposed. One would suppose that the government might have been content to wait six months longer in order that redistribution might have been accomplished and that supplies necessary in the public interests might have been obtained. But apparently the government placed this agreement above all constitutional considerations.

But more than this, the government has placed this agreement even before its own honor. In May last the prime minister took cognizance in parliament to ascertain charges which had been made against one of his ministers. He moved for a committee of inquiry, but he conferred on that committee exceedingly limited powers of investigation. The committee in May last did not then begin the actual work of investigation.

CAUSE OF DELAY.

After the house of commons resumed its work on July 18, no steps were taken until I inquired the cause of delay. After some days a meeting of the committee took place on Tuesday, July 25th, when witnesses were present in Ottawa who could have been called to give evidence. Conservative members of the committee urged that the inquiry should proceed forthwith. The government, through its supporters on that committee, urged an adjournment until Tuesday, August 1.

The adjournment was pressed on the ground that Mr. Carvell, one of the government members of the committee, had not yet returned. There were many other equally capable men available in the government ranks, and his place could easily have been filled. Finally Mr. Meighen, one of the Conservative members, for a guarantee that parliament would be sitting on the following Tuesday, August 1, so that the inquiry could then proceed. The guarantee was given and adjournment was then agreed to.

PLEDGE VIOLATED.

The pledge thus given was deliberately violated by the action of the government in dissolving parliament today. But apart from this deliberate violation of a solemn pledge it is a distinct breach of constitutional usage that parliament should be dissolved when one of its committees was engaged in the investigation of charges. Such a course constitutes an alarming and dangerous precedent which would not for one moment be tolerated in the mother country. It was the duty of the government to close up those charges before appealing to the people, and that could have been done in one week. "Several witnesses summoned by the committee are in Ottawa today ready to give their evidence on Tuesday next. That committee and all its powers of inquiry will be wiped out of existence by the dissolution of government in deliberately burying this inquiry on the eve of an appeal to the people was an outrage within their power and manifests in a most striking manner their utmost contempt of decent public opinion.—Signed R. L. Borden."

Board of Trade Notes

Four men were here last week from Medford, Wisconsin, but owing to the rain our local real estate men were unable to sell them anything.

Commissioner Davidson has received a lot of excellent pamphlets and folders which are being widely distributed. The men from the States are especially eager to get them as they can tell their friends they have seen a lot of the places mentioned and shown, and their word will carry more weight than a dozen letters would.

The employment feature of the Board of Trade is in a flourishing condition, and many farmers are thankful for the help they have received since applying.

For a hired man go to Davidson. He has got them.

Local and General

Jack Groves, of Castor, passed through on Thursday after having spent a couple of weeks at Banff.

The rain falls, the sun shines, always repeating itself, hence our wonderful crops.

What caused the price of beer to drop, is the burning question of the day.

C. D. Strong, of Calgary, who was C.P.R. agent at Calgary a short time ago, passed through on Thursday's train on his way north.

Our streets these days present a busy appearance to the stranger, extensive improvements in sidewalks and sewers employing a large gang of men.

H. G. Stone has been spending a holiday out at the ranch, where everything looks as good as it possibly can after the wonderful weather we have had.

Chief George Bell left last Thursday for Banff for a couple of months' holiday, accompanied by Mrs. Bell and the baby. Since leaving the hospital, George has made wonderful progress and, after his stay in the mountains, expects to feel just as well as he did before his terrible experience.

The coal question has thrown so great a scare into the people of Waskia that they are frantically boring for gas, although anyone at all acquainted with the fair (?) burg would think that they need not suffer even in the coldest weather with the bunch of local artists they have around. Fortunately Red Deer has lots of wood and coal so close that we can comfortably say "Let her rip."

Canada's Mistake

According to the despatches there is every indication that as soon as the senate and house of representatives are through with reciprocity they will pass a sweeping reduction of the tariff in regard to the woollen schedule, at least, and probably in regard to some other schedules, and put it to the president to sign or reject these measures. If this should prove to be the case then all we can say is that the reciprocity deal with Canada has delayed sweeping tariff reductions in the United States, of which Canada would have had the full benefit without any concessions on her part, and most of all without entering into what is practically a commercial union with the United States.—Toronto World.

Ball Game at Didsbury

The ball team went down to Didsbury on Thursday and played an exhibition game with that town and were defeated by a score of three to one. The game was a good exhibition of ball throughout and was almost errorless. The following is the line-up of the teams, Didsbury being reinforced by one or two Carstairs players:

Red Deer—Mann p, McLaughlin c, Pearson 1b, Smith 2b, Bateman 3b, LaFrance ss, Kerr cf, Ivey lf, Dyber rf, Didsbury—Schied p, Fox c, Metzger 1b, H. Valentine 2b, Gunther 3b, Perrin ss, B. Valentine cf, Shelton lf, Soxsmith rf.

Although Red Deer had only two of the regular players on, they were able to hold the homesters down to three runs, Mann saving the situation several times by the clumsy way in which he fanned them, and with a little more practise at twirling he promises to deliver the goods.

Pleasant Social at Willowdale

The Social given by the Ladies' Aid of the Willowdale Presbyterian Church, last Wednesday evening, was a huge success, and the ladies are so congratulated on the treat provided. In spite of the threatening weather a big crowd turned out, including about eight loads from Red Deer. Supper was served on long tables erected in the church grounds, and the tables which disappeared before the onslaught of the hungry crowd were of the best. During supper the Red Deer Citizens' Band gave several selections which were highly appreciated, and after supper, an excellent programme was rendered in the church. Rev. J. A. Wheeler took the chair and, in a few brief words, expressed his pleasure at seeing so large a crowd turn out and hoped that there would be many more events so well enjoyed as this one appeared to be. The following was the programme:

Selection..... Band
Solo..... Mrs. Cullison
Recitation..... Chas. Tyrrell
Duet..... Misses Fould
Selection..... Band
Solo..... Mrs. Coote
Solo..... Mr. Johns
Solo..... Mrs. Collison
Solo..... Mr. Lamb
Solo..... Mrs. Coote
Speech..... Rev. Bowen
Solo..... Mr. John
Selection (enacted)..... Band

A hearty vote of thanks was passed to all taking part, especially those from Red Deer. All of the items were well rendered and showed careful preparation by the various performers. Mrs. Collison's second solo, Tosti's Goodbye, was perhaps the best item of all, and was well received by the delighted audience.

Natural Resentment

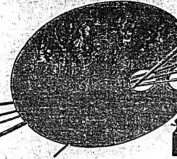

Wilfrid Laurier said that opposition When in Montreal last week. Sir to the reciprocity agreement was the work of Canadian and Imperial jingoism, he set deeper than he thought. His stinging characterization of those who oppose the agreement will be resented by thousands whose attitude has been determined by consideration as disinterested and patriotic as ever moved any body of men to take a stand on a national issue.

The late Robert Meighen of Montreal was one who felt deeply the uncalculated characterization of Sir Wilfrid. A friend, who conversed with him on the day before his death, recalls a portion of the conversation as follows:

"He referred to Sir Wilfrid's speech of the night before. He took exception to the Prime Minister denouncing the opponents of reciprocity as 'Imperialistic jingoes.' 'He insulted me and people like me,' said Mr. Meighen. 'I have as good a right to my views as has Sir Wilfrid. I have demonstrated a capacity for success, just as he has; and he has not worked harder in the general interest than I have. His denunciation of my ideas, I don't mind; but he has no right to stigmatize me and people like me for holding them. Mr. Meighen then quoted these words: 'The Empire is my country, and Canada is my home, and he added: 'I am as good a Canadian as Sir Wilfrid Laurier.'"

The Object of the Pact

I have said that this was a critical time in the solution of the question of reciprocity. It is critical because unless it is now decided favorably to reciprocity, it is exceedingly probable that no such opportunity will ever again come to the United States. The forces which are at work in England and in Canada to separate her by a Chinese wall from the United States and to make her part of an Imperial commercial band reaching from England around the world to England again by a system of preferential tariffs, will derive an impetus from the rejection of this adoption, and if we would have reciprocity, with all the advantages that I have described and that I earnestly and sincerely believe will follow its adoption, we must take it now, or give it up forever.—From the speech of President Taft at the joint banquet of the Associated Press and the American Newspaper Publishers' Association, held in New York on April 27th, 1911.

EVARTS POST OFFICE

160 Acres of good and comparatively level land. The soil is a black sandy loam with a clay sub-soil, not a particle of waste or alkali on the quarter. 80 acres fenced with two wires and tamarac posts. 30 acres under cultivation and in crop. 3 miles from the C.N.R. graded line, 3 1/2 from the new townsite. Price \$10.50 per acre, i.e., if sold within the next 60 days. \$500 down, balance any old way. Did you ever see such a thing in your life?

160 Acres, all fenced and cross-fenced, 3 wires, tamarac and willow posts, all in good shape. About \$1000 worth of Up-to-date Buildings. 30 acres in crop. The soil is away ahead of anything I ever saw—and it was Antony not Brutus that said so. Good water and plenty of it. Come and see for yourself. Half mile from schoolhouse, same distance from the C.N.R. graded line, 3 miles of new townsite, Sylvan Lake. \$20.00 per acre, half cash, balance to suit.

I have quite a number of FARMS FOR SALE, and the Editor is very kind, but when a question of space arises his quills are out, and he resembles the fretful porcupine rightaway. We have TWO GENERAL STORES, each with Post Office attached, doing a good trade. No opposition and both pulling the strings. We have all kinds of SWAPS, great and small—but it's the EARTH we sell, and furnish the money to pay for the same. Come right out to 16-58 1/2, half way between Evans Lake and Evans. We will show you round—a rig is kept for that purpose. And it makes no difference whether you buy or not, the showing round will not cost you one cent.

Humor and Philosophy

By DUNCAN M. SMITH

PERT PARAGRAPHS.

BEING pretty according to a woman's philosophy is merely carrying out the good intentions of Mother Nature.

Did you ever hear of a man getting up and getting out of the way of temptation?

Work is a sort of internal revenue that we all must pay for the support of happiness.

Talk straight and you get nothing for your trouble. Give a good jolly and the crowd is yours.

Delighting flattery is a pose that each of us thinks is wonderfully becoming to himself.

Kind words are doubtless valuable, but your grocer would rather have your hard dollars.

Moderesty may not individually be powerful, but as it makes up the vast majority, we have to confess that it counts.

Duty is a concession to the claims of others that we never quite feel like making no matter how stubbornly we do it.

Everybody loves a winner except the loser and his family.

While extremes meet they can never be said to be intimate.

Merest Trifles.
It's this or it's that, and we care. That causes you trouble and care. Just some little stub end of nothing. That comes in your moments to snare. The things that are big you can manage. Get onto their intricate curves. And handle them boldly with credit. The little ones get on your nerves.

A cat from a distant relation.
A bolt on the end of your nose.
A dun for a bill that's disputed.
A door that refuses to close.
A photograph owned by a neighbor.
A pen that will splutter and scratch.
It's these little things that annoy you
And make you as cross as Sam Patch.
If some one informs you by letter
Your stocks have gone down to the floor
Or comes to you bearing the tidings
That business has failed and store
And taken your goods and your money
You take it as cool as you please.
And have forty fells in your trousers
Fresh pressed will still bar at the knees
It's these little things that annoy.
A hairpin stuck into your neck.
Will cause you to rise in your fury
And make the surroundings a wreck.
Whereas had an auto stalled you
When dressed as a prince on parade
And left you as flat as a pancake
Not half of the fuss had you made.

Her Best Point.
"What should you say is the best quality a wife can have?"
"Her best virtue?"
"Yes."
"Never, never to think out loud."
"Behave! You wouldn't have added the last two words."

The Grouches.
"You can save my life."
"Can I?"
"Yes."
"Indeed?"
"Why?"
"Why should I? I have no use for it."

Beyond Him.
"What is the price of meat?"
"Don't bother me."
"Don't you want to make a sale?"
"Sure. But you are only getting \$175 a week, so you can't afford it."

Water.
"Why don't you buy your milk or Jenkins?"
"Don't like his milk."
"Why?"
"He is such a consistent prohibitionist."

The Way It Goes.
"He is an awfully sensitive man."
"Is that so?"
"Terribly so."
"And is his wife sensitive too?"
"Oh, she doesn't be."

His Reason.
"You seem to be very fond of Mabel."
"I am."
"Why?"
"Her mother makes such delicious hot biscuits."

Not Successful.
"You don't look happy. Isn't the fishing good?"
"Yes, the fishing is good, but the bait doesn't seem to be working."

Undoubtedly.
"Many a man loves his wife dearly."
"Well?"
"But he does hate to pay for her hats."

Revered Action.
If flying high we breast the sky
To Mars and Venus calling.
But coming down is sick enough,
No trick at all in falling.

Real Trouble.
"What is the matter with Jomel?"
"He is lost his wife?"
"No, the hired girl has quit."

J. F. Boyce leaves this week for Ontario, where he will spend his holidays. He will go with the London Old Boys' excursion, and will travel over the Grand Trunk Pacific from Edmonton by way of Chicago.

A Wetaskiwin man, who called at the News office the other day, on being asked what he thought of reciprocity, stated that he always let his wife attend to such things, but he noticed that it was always Blue Ribbons that he bought, although perhaps the other kind might be just as good.

COUNCIL MEETING

The regular meeting of the Town Council was held on Thursday evening last, with Mr. Worsley, Mayor, R. B. Welliver in the chair and Councillors Menzies, Gaetz, Galbraith, Alford and Carswell in attendance. CORRESPONDENCE.

A. Munzell, Telford, thanked Council for information re. concrete walks.

R. L. Gaetz, treasurer of the Board of Trade, asked for \$100 for furniture for publicity buildings and \$300 grant made to Board last spring. Left to Commissioners to issue cheque as soon as convenient.

A communication was read from Geo. Best, notifying the Council of a resolution passed at a public meeting held Wednesday evening, asking the Council to reserve the right to build subways under any of the streets crossing the C.N.R. railway if the town at any time should deem such construction necessary.

P. J. Brown, resident engineer of C.P.R., Calgary, forwarded the Council agreement from the executive with regard to water main crossing the C.P.R. track at Douglas Street.

Moved by Councillors Gaetz and Galbraith, that the Mayor and Secretary Treasurer be and are hereby authorized to execute such agreement with the C.P.R. Co., as may be necessary to secure permission, to lay a water main across the right of way of the company on Douglas St. Carried.

The Western General Electric Co. notified the Council that they were fitting new steam pipe from two boilers to both pumps, and stated this would have only one boiler and one pump commission for about one week from Sunday, 25th. The Council will do its utmost to keep up pressure, but would be pleased if as possible during same period.

COMMISSIONERS' REPORT.

The Commissioners brought in the following report:

In regard to the petition for an area to be placed at the corner of Macdonald and Alexander Streets, and which we were instructed to report on, we beg to recommend that the petition be granted and a light placed there. The other area, decided on by the Council have been ordered from the Western General Co. for some weeks now. The Company says that the material for them is ordered but not here.

We have engaged men to place shutters on the windows of the pavilion at the exhibition grounds and the isolation hospital.

The roof of the office has been leaking badly. We recommend that we be authorized to have a covering of felt roofing material placed over the old roof.

As it will be necessary to appoint a permanent engineer for the town, probably within a year or two, and the work can then be undertaken by him, we recommend that the offer of The Galitz Engineering Company to furnish engineering records be not accepted.

The watermain to the Ladies' College has been laid to the top of the hill on Douglas Street. We have taken up the matter of site for a stand pipe with J. J. Gaetz and hope to be able to report fully at next meeting. We have commenced laying the sewer to the hospital, have called for tenders for the material, the septics and have ordered the material for all the sewer and sewer extensions contemplated this year.

The contractors have commenced work on the construction of cement walks. We propose to put an inspector on the job all the time. We instructed the engineers to have Mann St. and Holt Avenue done first, as these streets are in bad repair. It will be necessary to close up the well on Mann St., but as the fountain purchased by the young people of the Town is on order and should soon be here there will still be a place for the fountain horse.

We have sent the papers in connection with the money by-laws, recently passed, to the Financial Post, Toronto, requesting them to have the best solicitor here report on their validity and certify to them. Mr. A. Bruce was unable to undertake this work. As soon as they are certified correct we believe we should ask for tenders for them, and we ask your authority to call for tenders for them after this is received. We submit herewith plans of subdivisions within the town limits owned by G. W. Smith and Mrs. E. C. Gaetz. These comply with the requirements of the registry office.

We submit herewith letter from the Canadian Northern Railway Company, together with plan, showing alteration in route of their Strathcona to Calgary line. As it does not affect Red Deer directly it was not necessary to take any action on it. This week the Western General Electric Company have been changing their steam pipes so that in case of a breakdown of any boiler they will be able to use another on either of the pumps and in that case prevent the necessity of a shutdown under some circumstances.

We recommend that additional cement sidewalks 10 1/2 feet wide be laid on the south side of Mann St. from Gaetz Avenue to McKenzie St. and on Gaetz Ave. from McLeod St. to Douglas St., and that catch basins be placed at the ends of these walks to drain off the surface water. Owing to the price for the walks being lower than we anticipated it will pay to put these two short walks in this year, and we will then be able to drain the streets better.

We submit by-law providing for disbursements on taxes paid before Oct. 1st.

We submit accounts for your authorization to pay. The report was adopted without amendment.

A motion was passed authorizing construction of cement sidewalks in

accordance with the recommendation of the Commissioners.

ACCOUNTS.

The following accounts were passed and ordered to be paid: Canadian Pacific Railway, \$9.76; J. Budranson, \$17.88; Canadian Pacific Railway, \$187.38; H. Lowden, \$10.45; Calgary Iron Works, \$136.48; H. G. Munro, \$23.00; Dr. F. A. McEwan, \$4.00; H. Moore, \$4.70; Canadian Fairbanks Co., \$27.50; Robert Geo. A. 50; News Pub. Co., \$150.00; Canadian Pacific Railway, \$207.70; McRatney & Co., \$23.00; Postmaster, \$15.00; Bulletin Co., \$45; Wm. Scully, \$10.00; C. A. Wells, \$27.35; Loveland & Miller, \$61.70; F. Kraus, \$22.15; Town of Red Deer, \$26.17; Miss Woodley, \$6.60. The Council went into committee of the whole to discuss railway matters and the motion passed at the public meeting.

Councillor Menzies contended that Ross Street, as the central artery of the town, should not be tampered with, and the Council must adhere to its original decision. He declared if a subway was built on Mann Street before one was built on Ross, there would not be any chance whatever of the Railway Commission ordering the Ross Street subway. He did not wish to stand in the way of citizens desiring Mann Street open or a subway there after Ross Street subway was built.

Councillor Carswell strongly urged keeping Mann Street open. It would be most unfortunate to close so prominent a thoroughfare. He drew up a resolution but did not see any support. He contended the Town would be doing the residents of Mann Street a great injustice. The public meeting, showing the sentiment of the citizens, was in favor of keeping it open.

Councillor Galbraith did not think for one moment that the railway commission would give us a subway on both streets, and he favored a subway on Ross as the widest street.

He also made a try at a resolution, but dropped out of the running. Councillors Menzies and Alford, in view of the general feeling of the citizens, that Ross Street South should be left open if at all possible, we therefore specially and earnestly ask the C.N.R. Co. to consider the feelings of the people in conjunction with the original proposition submitted by the Town for their right of way, and that this resolution be forwarded by telegram to Mr. McLeod of Winnipeg.

Councillor Gaetz moved in amendment

R. L. BORDEN: "He only puts up a little argument to see if I'm in the saddle or not."

ment, seconded by Councillor Galbraith, (out of courtesy), that where as it is deemed by many citizens of the Town of Red Deer to be highly desirable to maintain an open crossing of the Canadian Northern Railway Co's. right of way on 1st Street. Therefore, be it resolved that the Commissioners communicate this desire to the Company with the request that, if possible, this street be kept open, and that in the event of the company not being able to conform their plans to this expressed wish of the citizens, they agree to giving the Town the right to construct a suitable subway on Mann Street at such time as the same may be required in the interests of the public safety and convenience. This amendment was lost. Councillor Gaetz only voting for it. Councillor Menzies' motion was then put and carried, all voting for it except Councillor Gaetz. The Council then adjourned.

Local and General

The water wagon is particularly noticed by its absence these days. Miss Gladys Day was a week and visitor at the home of Mrs. W. J. Bottorill.

Messrs. McKenzie and Gibson returned on Friday evening from Wetaskiwin, where they had been reading the examination papers.

Mr. Downie, of Winnipeg, advance agent for the Ohio Editorial Association, which will visit Red Deer next Friday, was the guest of his cousin, George Best, while in Red Deer. "Roseland of Old Basing" is the champion dairy cow of Canada, and was born and raised at Red Deer by C. A. Julian Sherman. Every farm journal and magazine in Canada, and several in the States, have published an account of her record, and Red Deer has not suffered any in the accounts.

The remark made on Friday evening by nearly all who heard the band was that they should have better accommodation to play the remaining five of the series of eight concerts. It is a little hard on the players to stand on the hard street for nearly two hours on end and at the same time play difficult music, and the boys are deserving of a handstand where they could at least rest between the pieces. Towards the end, too, the light got so poor that the boys would scarcely see, and the last two or three numbers were not rendered quite as well as they would have been had there been sufficient light. Another thing to which our attention has been directed is the nuisance caused by the dust from the automobiles which not only gets in the instruments but seriously annoys the players. It is to be hoped that the commissioners will see their way clear to provide a stand for the boys and seating accommodation for the people who delight to listen to the music.

SMITH BROS. & HUTTON

IMPROVED FARM

We have an Improved Farm in the Medicine Valley which we can sell for \$14 an acre, with easy terms.

This Farm is well improved, and we can safely recommend it as an A 1 investment.

RANCH, 2 1/2 Sections

Splendid house and buildings. The Medicine River flows through the property. Close to C.N.R. and A.C.R. 500 acres in crop; the rest open pasture and hay land. In an ideal farming district.

\$25 an acre with, \$22 without crop

TOWN PROPERTY

Our listing of Town Property is most complete, and anyone wishing to make a profitable investment should call.

SMITH BROS. & HUTTON

WOODLANDS!

5 Acre Blocks.

Three-quarters of a mile from the town of Red Deer.

HIGH, DRY, BENCH LAND.

Direct road through subdivision to town. These 5-acre blocks will subdivide into about 50 lots.

\$175 and \$200 per acre. Terms—One-third down, one-third in 12 and 24 months.

JNO. A. CARSWELL, Editor and Proprietor

ADVERTISING RATES ON APPLICATION

WEDNESDAY, AUGUST 2nd, 1911.

WHEAT FAVORED NATIONS EXPORT.

Denmark, in the year ended December 31, 1909, exported butter, cheese, eggs, animals, grain, meat products and vegetables worth \$130,860,029.

Argentina, in the year ended 1909, exported animals, grain, meat products, vegetables and butter worth \$191,893,562.

Australia, in the year ended 1909, exported butter, cheese, eggs, animals, fruits, grain, hay, meat products and vegetables worth \$60,880,510.

Austria-Hungary, in the year ended 1909, exported animals, grain, hay, straw, meat products and vegetables worth \$391,65,201.

British India, in the year ended 1909, exported animals, grain, meat products and vegetables worth \$57,380,754.

Japan, in the year ended 1909, exported fruits, grain, meat products and vegetables worth \$787,550.

New Zealand, in the year ended 1909, exported animals, fruits, grain, meat and vegetables worth \$25,794,636.

Russia, in the year ended 1909, exported animals, grain, hay, meat products and vegetables worth \$179,828,790.

Sweden, in the year ended 1909, exported animals, fruits, grain, hay, meat products and vegetables worth \$2,228,222.

Under the French Treaty, which came into force on February 1, 1910, any tariff advantages granted to the United States on the following articles must also be granted to France: Cheese; garden, field and other seeds, not herein otherwise provided for, when in packages weighing over one pound, not including flower seeds; grass seeds, including timothy and clover seed; canned meats and canned poultry; extracts of meat, fluid or not; peanuts, shelled or unshelled.

Last year Canada imported from France \$35,270 worth of cheese, seeds and animal food.

Taking the countries enumerated above, their total exports to all countries for the year ended 1909 in those articles specified amounted to \$855,826,944. And to get an idea of the proportion of this vast amount, which Canada imports in face of the duties, statistics of imports from these nations have come into Canada at the average rate of over \$5,000,000 per year.

To the United States, Argentina, Australia, Austria-Hungary, British India, Denmark, Japan, New Zealand, Russia, Sweden, France, Spain, Bolivia, Colombia, and Venezuela, as well as British possessions not named, exported in the limited number of articles mentioned produce worth at least \$1,043,269,567 during the past year. Canada's share of that combined output was approximately \$39,255,749. The question is, therefore, "What would Canada receive if all barriers were down and these countries could pour all their surplus production into our markets, re they would be free to do?"

The inequality and unfairness of the whole proposition is only too apparent when you place beside the billion dollar exportable surplus of

Canada's suggested competitors the amount of natural produce which the Dominion, with its eight millions of people, shipped out of the country last year. The value of this total shipments of Canadian farm products from Canada last year was but \$144,368,262.

The opening of Canadian markets to the free entry of the natural products from the numerous countries mentioned above, it has been shown, would just afford another repository for an extra portion of the billion dollars worth of farm produce exported by those countries every year. What would this mean to the Canadian farmer, who, with the exception of the United States, would not have the right of penetrating the protective walls of those countries, which would be sending increased quantities of produce into his market.

(1) It would mean that prices for farm produce would be lowered in Canada.

(2) It would mean that the present high quality of Canadian products would lose their identity through mingling with inferior stuff from other countries.

(3) It would mean that United States would do most of Canada's export trade in grain.

(4) It would mean that the subsidization of steamships plying between Canada and the many favored countries mentioned above, amounting to over \$1,000,000 per year, would be turned against Canada, inasmuch as those subsidized steamships would be able to bring foreign products that much cheaper to our markets to compete against Canadians.

While the hot wave is waving, oh spare us an election campaign, let the cry down east.

Is the great milling industry of the world to be in Western Canada or the Western States? Is this great industry to be utilized towards the upbuilding of the Western Canadian cities or Western American cities?

J. J. Hill says that the acceptance of reciprocity means the regaining control of the milling industry by St. Paul and Minneapolis. The consequence of this will be to dwarf the development of this industry in Western Canada. With the transfer of the milling industry to the United States, would come the loss of the by-products, so necessary to successful mixed farming and the depletion of the fertility of our soils to enrich the land of the American farmer.

It would carry with it a loss of a portion of our home market, a loss of trade to our transportation facilities, to our seaports and merchant marine. It would mean that Canada would produce the raw material and turn it over to the United States to exploit for the benefit of that country. Reciprocity would stimulate American industries and retard Canadian development.

It carries with it no compensating value for this great loss. No one now believes that it means anything to our farmers. The question of a better price for wheat has been fully discussed and everybody is convinced that the reciprocity pact means no greater price for this commodity but a loss, in the impossibility of preserving the identity of our wheat, which has been earnestly desired and agitated for by our farmers for years. Dealing with the wheat question, the St. Paul Pioneer Press explains the condition that exists:

"The removal of the duty on wheat The Calgary Albertan has been

The electors must not forget that Sir Wilfrid Laurier strongly opposed reciprocity in 1899 and again in 1904 and in 1907.

Liberal journals, including the Grain Growers' Guide, speak of the 'special interests' that will be injured by reciprocity. Will the Guide or any Liberal paper please name one trust, interest, manufacturer or merger injured by reciprocity? The government looks after its friends.

The Calgary Albertan has been sneering at the old flag and getting in a few jolts at loyal citizens of late. It claims Liberals are as loyal as Conservatives. They may all be, but if there is an annexationist, or a traitor, or a newspaperman, who sneers at the old flag, he will be found in the ranks of the Liberal party.

When Erasmus Wyman brought forward his scheme of commercial union a quarter of a century ago or more, the people of Canada turned it down with a positiveness that left nothing to be desired. The Liberal party have again introduced the scheme under the name of reciprocity? Will history repeat itself?

Most of the great trusts and mergers are controlled by leading Liberals.

We have made that statement before.

A Liberal paper says it isn't so, and asks us to show one merger headed by a Liberal.

We take the challenge. Here are a few: Massey, of Massey Harris; Frost, of Frost & Wood; Geo. A. Cox; and Senator Jones, who has just been knighted at the suggestion of Sir Wilfrid and many others.

We can give more if our Liberal friends desire it.

These people could not make anything by being Tory. They had to link themselves with the Government to get a pull.

And the wealth they have accumulated shows the pull they have. The trusts are Laurier's friends.

Obituary

Died, at Red Deer, July 26th, 1911, Obed Grant McConnell, infant son of Mr. and Mrs. James R. McConnell. Interment took place on Monday, July 31st, from the house, Rev. Mr. Bennett officiating.

ECKVILLE

Rev. E. Heaven is due to preach here Sunday next at 11:00 o'clock. Mr. Heaven hopes to take service at Eckville the first Sunday in every month, from now on, through the winter. Do your part.

Miss Richardson, Miss Matchett and party spent last week end at the lake.

Among last week's visitors to Eckville: Mr. Pottemer, Mr. Cameron of Leveille, Mr. Wilton of Red Deer, Mr. Laehie Martin.

Mr. and Mrs. Hoover and Miss Gladys Hoover, of Ontario, are visiting with Mr. and Mrs. Matchett.

We expect a townsite will shortly be surveyed on the C.N.R. line at the river crossing. This will be only about a mile from this burg.

LOUSANA

Judge Biggs was in town this week. He represents the new town of Loussana on the Calgary branch of the Grand Trunk Pacific Railway.

This town is 100 miles north of Calgary, on Section 25, Township 36, Range 23, W. The bridge over the Red Deer river, 20 miles north, has been completed, and track laying will be resumed without delay.

Trains are expected to be running to Loussana during the month. This is a desirable place for all kinds of business. Persons wishing to engage in new enterprises would do well to visit the place.

In the Matter of the Red Deer Exhibition Association, Limited

NOTICE IS HEREBY GIVEN that the creditors and other having any claim against the Red Deer Exhibition Association, Limited, formerly carrying on business at the Town of Red Deer, Alberta, are on or before the 7th day of October, 1911, to send by post prepaid to J. E. Welton and W. J. Botterill, Red Deer, Alberta, Liquidators of the said Company, their Christian and Surnames, addresses and descriptions, the full particulars of their claims, and the nature and amount of the securities (if any) held by them, and after that date the liquidators shall be at liberty to distribute the assets of the Company or any part thereof, among the parties entitled thereto, having regard to the claims of which the liquidators have had notice, and the liquidators shall not be liable for the assets thereof so distributed to any person whose claim such liquidators have not notice at the time of distributing the said assets or part thereof as the case may be.

DATED at Red Deer, Alberta, this 31st day of July, A.D. 1911.

GAETZ AVE. NORTH

Canada's Great Western Fair

And Inter-Provincial Stock Show and Race Meet at Edmonton, Aug. 15th to 19th, 1911.

ATTRACTIONS.
The directors of the Edmonton Exhibition Association can promise their patrons the very best attractions obtainable in Western Canada this year. They were fortunate in contracting for the Greater Parker Shows early in the season. These are the best shows travelling in the Western States and Canada this year. They were secured by the Dominion Fair authorities of Regina and come direct to Edmonton from the Regina Dominion Exhibition with their special train of 30 cars. In addition to making the Midway the best of its kind they will also put on the free attraction platform in front of the grandstand twice each day, Madam Althea's Trained Dogs and Laying Greyhounds, Stenier Trio Grotesque Comedy Bar Aerobats, Zeralda Head and Balance Act, Steniers Zebra Special Morris, performing and Wrestling Ponies. In addition the directors have been fortunate in obtaining the celebrated Finks Mules and dogs, and also the casting Campbell, the best acrobat of their kind from the United Fairs Booking Association of Chicago.

It will be noted that the dare devil acts and sensational acts, where there is danger to those taking part, have been eliminated, the directors feeling that the general public does not take kindly to acts where human life is put to too great a risk and which acts are not really enjoyed and are over in a minute. The directors believe the public like best a good act with plenty of fun and real merit in it, and for this reason are sure the patrons of the Edmonton Exhibition Association will go home feeling rested and appreciate the amusements offered.

The Greater Parker Shows will also have free acts in connection with the Midway which will cause a sensation and pleasure to those attending the Big Edmonton Fair, on August 15th to 19th next. Exclusion rates have been granted by the railway companies from all points.

A Serious Accident

What might have been a very serious accident happened to W. R. Davis last Friday. He was trying a motor cycle at the fair grounds and was traveling at the rate of fifty miles an hour when the front axle broke, throwing him heavily to the ground. He was bruised and scratched, but was able to get home, and is now at work again. Better put another wheel on that rig.

Postponement

The Horticultural Society have postponed their exhibition from August 16th to the 23rd, owing to the difficulty experienced in getting judges. G. H. Hutton, of LaSalle, has consented to act, and H. G. Burroughs, of Calgary, is expected. Exhibits are expected from all of the Calgary and Edmonton nurseries for display only and not for competition, the Citizens' Band will be in attendance, and although a good show is promised. If you have not yet entered in any of the classes, do so at once, as the prizes are numerous, and you can rely on learning a lot and most probably will win a purse.

Local and General

See Johns, the furniture man, for real bargains.

Thirteen Edmontonians arrived on Saturday to join the summer school at the lake.

Alex Hill and family returned on Saturday after having spent a couple of weeks in Banff.

Moving into a new house? Get some nice furniture, and get it cheap, too, by going to Johns'.

W. Stephenson went out to the lake on Saturday to spend a couple of weeks with the family at camp "Quithernokin."

How is your subscription? We have sent out a lot of requests for payment during the last week or so, and would appreciate an early call from you.

Strangers coming to Red Deer are always quick to compliment us on our well-graded streets, especially those that have been ballasted. Let the good work go on.

Do you know that this paper with its fourteen hundred circulation is the best advertising medium there is? Our job work department is strictly up-to-date and you would do well to consult us about anything you may require.

Dissolution of Partnership

Notice is hereby given that the partnership heretofore existing between the undersigned, as draymen, coal and wood dealers, has been dissolved by mutual consent, D. A. Lamonte taking over the business. All accounts due the firm are payable to Mr. Lamonte and he will settle all debts contracted by the company.

SHAPE-KEEPING Suits backed by their makers' own guarantee, such as the famous Semi-Ready. That's the kind we are asking you to come in and look at. Just now we are especially featuring the fashionable shade of the season, Grey, and call your particular attention to the following:

At \$12.00 A snappy looking Suit of Grey Worsted in a roughish weave. A faint green stripe runs through the cloth. 3 button sack coat, with dip front, pants have belt loops and side straps. The famous Progress make, and great value at the price 12.00

At \$18.00 A very smart Suit in a Dark Grey shade, the well-known Semi-Ready. A medium-weight cloth of most excellent appearance. Three button sack coat, pants cut semi-peg. A real snap at the price 18.00

At \$20.00 A very pretty Suit of English Worsted, in a silver grey shade, medium weight cloth. Three button coat, slit at back, pants in the semi-peg style with side straps and belt loops. Only 20.00

At \$22.50 A Semi-Ready grey Worsted, medium weight. A plain, well-made suit, suitable alike for business or vacation purposes. Excellent value at the price 22.50
